Harbour Ten10 Gets High Marks for Quality of Living.

Downtown Whitby's First Condo Project is Now Open

HARBOUR TEN10
CONDOMINIUMS

Artist's concept

Less than 10 minutes from Whitby's waterfront.

Close to Whitby's waterfront, with its beaches and trails and with a diversity of parks, recreation facilities, downtown shopping, schools and public transit all close by, the appropriately named Harbour Ten10 Condo in Whitby clearly deserves a ten out of ten when it comes to providing prospective homeowners with exceptional quality of living.

In sharp contrast to homes priced beyond the reach of most buyers in the GTA, the suites at Harbour Ten10 are not only affordable – with prices starting in the mid-$300s, but they also offer tremendous value, with such upscale features as 9' ceilings, laminate plank flooring throughout and textured granite countertops. Adding to this value proposition, is an impressive list of onsite amenities that include: a social lounge with fireplace, an onsite greenspace with playground, a BBQ terrace, and dedicated rooms for yoga, games and parties. In addition, the five-storey condominium project features an upscale hotel-like lobby with concierge as well as guest suites. Consistent with the Harbour Ten10 name and address (1010 Dundas Street East), the site is less than a 10 minute drive from what buyers ranging from young families to empty nesters would ever need, with attractions ranging from: Whitby's historic downtown (just 1 km away) as well as the Oshawa Centre (with 230 stores), the Whitby Public Library, the Oshawa Golf and Curling Club, Lydee Shores Conservation area on Lake Ontario and local public and high schools as well as Trent University – Durham campus, the Ontario Institute of Technology and Durham College. Port Whitby Marina and Iroquois Beach Park with its long sandy beach and picnic areas are also minutes away.

Live in Downtown Whitby and save more than 30%!

In addition to all that's at your doorstep, Harbour Ten10 is a short drive from the 401, 407 and the 412 and just six minutes from the GO Train Station, which gets you to Union Station in just 20-25 minutes. "With any project we build, we put a great deal of thought into what today's homeowners are looking for, so that when people hear about a community like Harbour Ten10, right away they know the homes are affordable, they offer good value and when you add up all of the onsite amenities and local attractions, it really is a great place to live," observes Nizar Walji, vice-president of Castle Group Developments.

Harbour Ten10 is Castle Group's fifth GTA project, including Vida at Bayview Village which is currently under construction. Consistent with building great places to live, Castle Group has won three prestigious best-design awards from BILD, the GTA builder group.

With the project now open for all, the Grand Opening still continues and purchasers can take advantage of VIP pricing, a bonus stainless steel appliance package as well as staggered deposits designed to reduce up front costs. Go to www.harbourten10.ca to register and learn more.
